

## TARNEIT TRAIN STATION IS READY FOR PASSENGERS!

The highly anticipated Tarneit Train Station is almost up and running – a component of the new Regional Rail Link project which is nearing completion! Services from the station will commence from June 21 and will allow residents to leave their car at home more often and enjoy a short stroll to the new Train Station for an easy commute to work.

The new Regional Rail Link will connect Tarneit to the network and deliver metro style services to Geelong, with trains running every ten minutes during peak times and at least every twenty minutes during non-peak times.

Residents can also enjoy a brand new bus route which is set to commence on June 21 and will run through Hummingbird Boulevard providing the broader community a direct link to the brand new Tarneit Train Station.

The completion of the Regional Rail Link project and new bus route signifies and further verifies The Heartlands as one of the most well-connected communities in Melbourne's west.

For more information on the new services, you can visit [ptv.vic.gov.au](http://ptv.vic.gov.au) or keep an eye out on our Facebook page for more information!
